

Commercial Refrigerator & Freezers

Upright

- Our Uniquely Designed High Efficiency Forced Air Cooling System Which Ensures Good Circulation Of Air Allows Food To Stay Always Fresh.....
- Forced Air Cooling System Ensures Fast Recovery Of Temperature
- Compact Designed Unit Cooler Maximise Storage Space
- Easy Door Gasket Installation With Vacuum Sealing Technology Allows Food To Be Store Fresh At All Times.
- Top Integrated Unit Design Of Compressor And Unit Cooler Which Ensures Maximum Internal Storage Space And Ease Of Servicing.
- Micro-processor Controlled Digital Thermostatic System Enable Easy Usage.
- Ergonomically Designed Slim Handle.
- Flomatic Designed Strong And Sturdy Refrigerator Housing :
 - A) High Density Polyurethane Foaming
 - B) Thick Stainless Steel Sheets
 - C) Strong Hinges Ensure Sturdiness Of Door Opening
 - D) Stainless Steel Interior

ABOUT US

Flomatic is a homegrown Singapore company that started its journey over 20 years ago. It has its humble roots with the manufacturing of small commercial refrigeration systems; and has gained extensive experience and expertise since then. Today, Flomatic is one of the major manufacturers of commercial refrigeration systems and large-scale industrial plants.

Over the years, we have also applied our knowledge and experience gained in commercial refrigeration systems to design and manufacture Commercial Cold Drink Dispensers, Ice Makers and Commercial Refrigerators, to name a few. Our objective is to provide the Food and Beverage industry with products that are small in size but huge in performance. Today our range of products could be found in most Food and Beverage outlets in the Asia Pacific region and beyond.

Looking ahead, Flomatic aims to build Quality Commercial Refrigeration Products that are economical in range, sturdy in performance and long lasting.

Flomatic reserves the right to modify the technical particulars and mechanical design of the machines

Refrigerator & Freezer

- Compact Compressor Unit For Maximum Storage Space
- Wide Opening For Easier Access And Storage Of Foods
- Table Top Material Is Sus304 1mm Thickness With 50mm Insulation Core To Ensure Working Stability.
- Recess Blower Unit Allows More Storage Space
- Drawer Type Compressor Unit For Ease Of Servicing
- Internal Led Energy Saving Lights With Automatic On/off Feature Allows Better Visibility For The Clients
- Easy Door Gasket Installation With Vacuum Sealing Technology Allows Food To Be Store Fresh At All Times.
- Micro-processor Controlled Digital Thermostatic System Enable Easy Usage.
- Ergonomically Designed Slim Handle.
- Flomatic Designed Strong And Sturdy Refrigerator Housing :
 - a) High Density Polyurethane Foaming
 - b) Thick Stainless Steel Sheets
 - c) Strong Hinges Ensure Sturdiness Of Door Opening
 - d) Stainless Steel Interior
