

Ozone Friendly Ice Maker Machines

Introductory

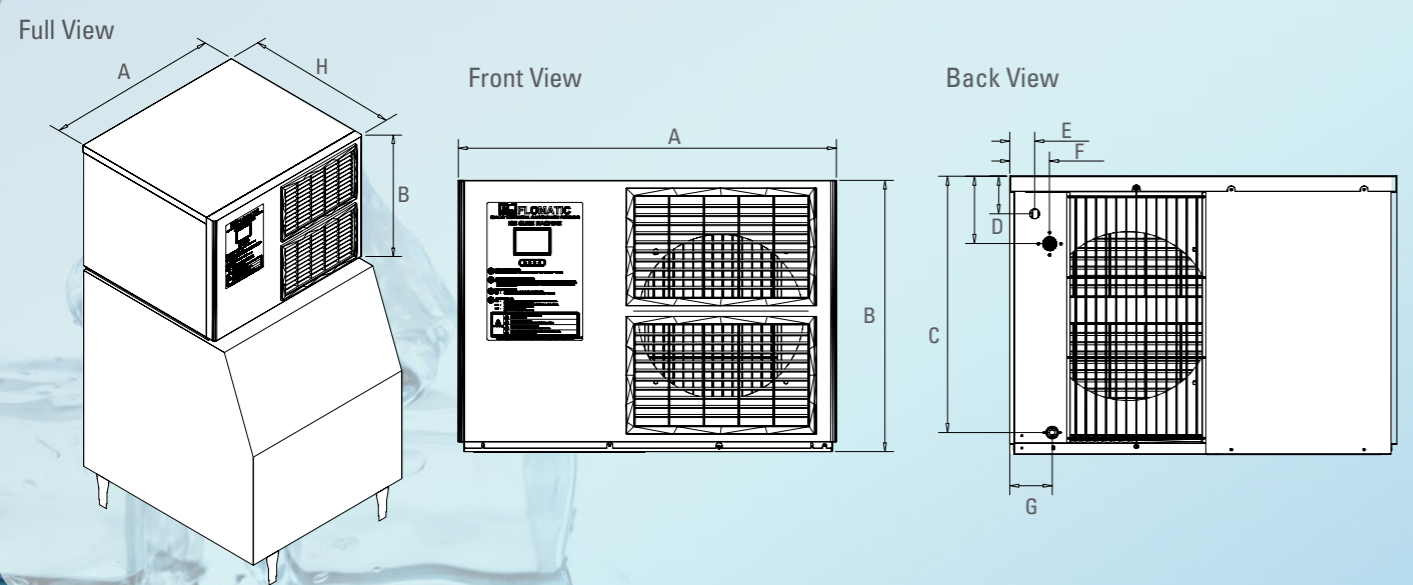

Flomatic's ice-maker machines are designed specifically for the F&B industry. It incorporates advanced designs; but yet is easy to install and operate. To meet the demands for environmentally friendly products, we have used R404A refrigerant – the cooling agent known to be ozone friendly.

Features

-  Front access Air Filters for easy cleaning and maintenance
-  R404A Refrigerant which is Ozone Friendly
-  Optimum energy and water usage which ensures longer shelf life for the compressor
-  Advance design which protects the system
-  Digital display LCD system which inform users of the status of the machine
-  Air cooled condenser
-  Easy to install
-  Half Cube Ice System available
-  Parts are easy to service

Models

Model FIM-450

Capacity* AT:21°C WT:10°C	450 lbs
Dimension#	77 x 70 x 51 cm A x H x B
Weight##	73 Kg

Model FIM-600

Capacity* AT:21°C WT:10°C	600 lbs
Dimension#	77 x 70 x 51 cm A x H x B
Weight##	85 Kg

Model FIM-1000

Capacity* AT:21°C WT:10°C	1000 lbs
Dimension#	77 x 70 x 68 cm A x H x B
Weight##	110 Kg

Machine only; Bin not included
Machine only; Bin not included

Condenser	Air - Cooled
Refrigerant	R404A
Electrical Supply**	220-240V/50Hz/1 Ph
Water Inlet Supply	1/2" BSP
Drain Outlet	1/2" BSP

To Be Launch Soon! New Models

Model FIM-200

Capacity* AT:21°C WT:10°C	200 lbs
Dimension	To be advised
Weight	To be advised

Model FIM-1400

Capacity* AT:21°C WT:10°C	1400 lbs
Dimension	To be advised
Weight	To be advised

* At water inlet temperature 10°C, ambient air temperature 21°C
** Other voltages available upon request.
